

# Introducing Revolutionary Intelligent Controls

Wi-Fi/4G

Smartphone  
Capabilities with  
Bluetooth Mesh

Updated Warranties

Gateway International 360 is proud to introduce a revolutionary suite of newly designed and engineered smart photocontrols. These products, which meet ANSI (136.10 standards, form a fully integrated, flexible control system solution at a cost tailored to meet your current needs while maintaining the extensibility required for future system enhancements.

Whether it's upgrading from our premier long-life controls to our state-of-the-art dimming controls, or from a standard control to a Bluetooth-compatible intelligent control, Gateway International 360 will make the process as simple as possible by providing you with access to our field experts for an unrivaled customer service experience.
