

## Introducing a Suite of Newly Designed Controls

**GWE-105BU-20**  
Standard Control

**GW-LL127-1.5BK-40**  
Long-Life Control

**GW-134-1.5GY-20**  
Programable Control

**GW-LL347/480-1.5GN/YW-40**  
Dual Voltage Long-Life  
Microprocessor Control

Gateway International 360 is proud to introduce a NEW SUITE of newly designed and engineered controls which meets ANSI C136.10 standards, for an integrated suite of control product solutions at a cost tailored to meet your current field needs. Gateway International 360 has designed a more robust enhancement into our controls.

Whether it's upgrading from our competitions' standard controls to Gateway's robust standard controls, or upgrading to our Long-Life Microprocessor controls which give you the enhancement of the newest technology in the field of controls - Gateway International 360 will make the process simple by providing you with access to our field experts for an unrivaled customer service experience.
